

Iso-xx[®]

Isoflavones from the soya bean enriched with fermenting bacteria.

USE: ½ tablet/day or as prescription

PACKAGING: 30 blistered tablets/box

PRODUCT DESCRIPTION

Iso-xx is a dietary supplement with a good ration of isoflavones from the soya bean enriched with the correct colonic bacteria for the fermentation of the isoflavones to equol.

- ✓ Iso-xx contains **isoflavones in their natural matrix** that are extracted from the soya bean;
- ✓ Only isoflavone preparation **to which fermentation bacteria has been added** for the conversion to equol;
- ✓ The mix of fermentation bacteria is a lactobacillus and bifidobacterium mixture. They are **human strains that are completely safe** for all of us;
- ✓ **Also contains fibres as the starter food** for the fermentation bacteria.

FORMULA (per daily dose of ½ tablet)

Active ingredients:

Glycine max - SoyLife [®] (soya bean)	75 mg (= 30 mg isoflavones)
Lactobacillus and bifidobacterium mixture	50.50 mg
Inulin	50 mg
FOS (Fructooligosaccharides)	50 mg

Inactive ingredients:

Clean label mix (microcrystalline cellulose, rice derivatives, mono-di-triglycerides).

EXTRA INFORMATION

- Only one to which live colonic bacteria have been added that are needed for the conversion of soya bean isoflavones to equol.
- The legal maximum dose in Belgium is ½ tablet/day.
