

Pediaperm

Helps support digestion¹ and the maintenance of normal (gut) mucous membranes².

USE: Mix 4 x 1 sachet/day in a glass of liquid or with food

PACKAGING: 60 sachets of 2.5 grams/box

PRODUCT DESCRIPTION

Pediaperm is a dietary supplement with a sophisticated formula of high-quality vitamins, minerals, plant extracts and specific nutrients to support digestion¹, natural resistance³ and the maintenance of normal mucous membranes².

In a lighter dose for sensitive adults which is also suitable for children younger than 6. With the addition of lactase enzyme, extra plant extracts and live human bacteria.

- 1 Turmeric **promotes normal digestion**;
 - 2 Vitamin A also supports the **maintenance of normal mucous membranes such as in the gut**, lungs, nose, eyes and the female reproduction system;
 - 3 Pediaperm also contains Goldenseal root, selenium, zinc and a variety of vitamins (A, B6, B9, B12, C and D) as well as turmeric to support the **normal activity of the immune system**;
- ✓ The extract of the dandelion promotes gut activity and provides **natural support to digestion** together with turmeric, liquorice and fennel.

Pediaperm

% of daily reference intake per daily intake of 4 sachets: Magnesium (111.40 mg) 29,71%, Zinc (1.52 mg) 15,20%, Manganese (0.51 mg) 25,50%, Selenium (10.13 µg) 18,42%, Vit. A (320 µg) 40%, Vit. B1 (0.25 mg) 22,73%, Vit. B3 (10.13 mg) 63,31%, Vit. B5 (2.53 mg) 42,17%, Vit. B6 (0.51 mg) 36,43%, Biotine (146.67 µg) 293,34%, Folic acid/Folate (36.76 µg) 18,38%, Vit. B12 (0.52 µg) 20,80%, Vit. C (25.32 mg) 31,65%, Vit. D3 (0.75 µg) 15%, Vit. E (2.79 mg) 23,25%.

INTAKE

- It is best to take it before your meal, dissolved in liquid or food.
! Do not mix in substances that are hotter than body temperature because of the live colonic bacteria.
- The dose for sensitive adults and children should be built up gradually from ½ to a max. of 4 sachets/day.

EXTRA INFORMATION

The substance used as a carrier, dextrose, has been added on purpose to increase the absorption of the active ingredients when it is possible that the gut mucous membrane does not function as well as it should. The quantity of dextrose has been reduced to the minimum required dose.

STATUTORY MANDATORY SPECIFICATION ON PACKAGING

- *“Consult your doctor or pharmacist when using anticoagulants simultaneously”* when using Curcuma longa.
- *“Not longer than 6 weeks without medical advice”* when using Glycyrrhiza glabra.
- *“Not suitable for children up to the age of 3 years”* with the use of Foeniculum vulgare: max. 0.05 mg/kg estragol for children under 12 years of age.
