Lactobacillus crispatus 2 mld CFU	20 mg		
Lactobacillus fermentum 2 mld CFU	20 mg		

Inactive ingredient:

Excipient: Oryza sativa L. (rice extract).

INTAKE

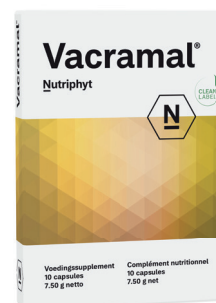

Can be taken completely safely together with antibiotics.

EXTRA INFORMATION

- May also be deployed with regard to catheterisation in both men and women.
- The Vacramal 10 blister can be torn to have 10 capsules that are packaged individually. Useful to also have the capsules per item hygienically whilst ensuring that every capsule is kept optimally.
- Vacramal 90 packaging guarantees an increased therapy compliance in relation to long-term treatments and this is combined with a price benefit of 15%.

CLEAN LABEL

Free from artificial colours and excipients. With only natural excipients and in vegetable capsules. Colour differences are normal and do not detract from the effect.
