

Zinargin[®] siroop

The ultimate zinc preparation with cofactors in a completely natural syrup.

USE: For adults: 10 ml/day or see leaflet
For children: see leaflet

PACKAGING: Bottle with 200 ml syrup, measuring spoon and leaflet

PRODUCT DESCRIPTION

Zinargin siroop is a zinc supplement with two types of zinc that can be easily absorbed and has been enriched with cofactors such as L-arginine, methylsulfonylmethane (MSM), superoxide dismutase (SOD) and chlorophyll. For the maintenance of a normal immune response¹.

- 1 Zinc and chlorella help maintain the **normal function of the immune system**;
- ✓ In addition, zinc contributes to the **protection of cells against oxidative stress, normal DNA synthesis and cell division**;
 - ✓ Zinc is also good for **memory and concentration**;
 - ✓ Only zinc preparation that combines two forms of zinc that can be easily absorbed together **with L-arginine**.

FORMULA (per daily dose of 10 ml (= daily dose for adults))

Active ingredients:

Chlorella pyrenoidosa (chlorella)	500 mg	Zinc (gluconate)	10 mg
Fucus vesiculosus (bladder wrack)	500 mg	Zinc (monomethionine)	10 mg
L-Arginine	300 mg	Cucumis melo (muskmelon)	6 mg (= 420 IU SOD)
OptiMSM [®] (methylsulfonylmethane)	100 mg		

Inactive ingredients:

Excipients: Aqua (water), Molasses. Sweetener: Honey. Flavoring: Natural black currant flavor (natural black currant aroma), Thyme oil.

% of daily reference intake per daily intake of 10 ml: Zinc (20 mg) 200%.

INTAKE

- **Shake well before every use** so that the ingredients that are at the bottom of the bottle are gradually mixed with the syrup.
- Intake best before or during meals. By preference, do not combine with bread or a soya meal (therefore take the Zinargin siroop at least half an hour before). Zinc absorption may possibly be made difficult when taken together with phytin-containing food (such as grains and soya).

EXTRA INFORMATION

- Active ingredients are the same as with the Zinargin tablets, but to which natural ingredients have been added to obtain a tasty syrup.
- Also suitable for vegetarians, women during pregnancy or when breastfeeding, as well as for children.
- Zinargin siroop is completely free from artificial colours or preservatives. The bottle that is used for the Zinargin siroop does not contain bisphenol A (BPA; with a certificate as a guarantee).
- With a handy measuring spoon in the box for 2.5 ml and 5 ml, for a simple adjustment of the dose in accordance with age/weight.
